Skills

TypeScript • Next.js • Python • Django • Golang • Gin Web Framework • Linux • Docker • GitHub Actions • Bash • GitHub • Monorepos • Turborepo • Unit-testing (Vitest) • SQL Databases • Document Databases (MongoDB)

Experience

FEB 2025 – DEC 2025 (PART-TIME)

Technical Officer | Geekulcha Student Society of UNISA | Remote

- Responsible for all the student society's technical infrastructure and the forward movement of technical innovation and enablement across the society's members.
- During my time, I was privileged to be selected as one of 41 Students in the country to take part in the first ever G20 Tourism Hackathon where we built solutions to bring about human centered AI enablement in the tourism sector of South Africa.
- I was involved in regular community service programs where we taught and provided high school students from under privileged communities exposure to AI, how it works and basic data manipulation, and web development using Python, HTML, CSS & JS.
- Volunteered as a technical mentor in all Geekulcha Hackathons centered around AI, cyber security & sustainable development.

NOV 2018 – JAN 2020 (PART-TIME)

General Assistant | Thrupps & Co. | Illovo, Sandton

Responsible for gift wrapping of Christmas presents and birthday gifts on request throughout the festive season. I also served as a promoter for the store's Christmas specials when gift wrapping orders were low.
